Your Equipment Record

Keep the model, service history, and written instructions together. Complete this record from the labels and documents supplied with your installation.

EQUIPMENT BRAND / PRODUCT LINE

MODEL / CONFIGURATION

SERIAL NUMBER / CONTROL LABEL

INSTALLATION DATE / INSTALLER

FILTER / CARTRIDGE PART NUMBERS

MANUAL / WARRANTY DOCUMENT LOCATION

Maintenance instructions for your equipment

Use the installed system's manufacturer instructions and final walkthrough. Replacement timing, approved filter parts, salt/media, settings, and warranty responsibilities vary by model, incoming water, and usage. Do not use a universal schedule from this blank record.

NEXT SERVICE / DOCUMENTED MAINTENANCE INSTRUCTION

Service and observation history

Date	Observation / work completed	Part / next step

Need a manual, replacement part, or service?

Have your equipment brand/model and a clear label photo ready. Avoid including unrelated personal documents in photos. Request service at aquapuresolutionsllc.com/request-service/. Aqua Pure reviews the request and confirms the next step; the form does not book service automatically.

Active leak or no water? Call rather than waiting for an online response.

(480) 490-2149 · info@aquapuresolutionsllc.com

This owner's record is not a specification sheet, diagnosis, maintenance prescription, or warranty document. Use the written materials for the actual installed equipment.
